AT BELTON.

BELTON, TEX., July 17.—The convention of precinct No. 1 met to-day. The convention first elected delegates to the county convention. Then a vote was taken on whether the convention should instruct for R. Q. Mills or X. B. Sanders was taken. On the first vote the tellers declared X. B. Sanders a few votes ahead, but a disagreement between the tellers called for another vote. Another was taken. Three of the tellers gave R. Q. Mills a small majority, but one teller disagreed with the others, and the chairman was unable to restore order again. During the whole voting there was a tumultuous uproar and it was in this condition that the convention adjourned. The delegates do not consider that they are under any instructions for congress in the county convention. The convention unanimously instructed for A. J. Harris for supreme judge. There were no instructions for any other office, but Ireland seems to be the favorite with the delegates to the county convention for the United States senate.

ELLIS COUNTY CONVENTION.

Special to the Gazette.

WAKARUSA, TEX., July 17.—The county convention of Ellis county was called to order at 1:30 o'clock p. m. and was duly organized by electing J. F. Mulkey of Ennis permanent chairman and F. P. Powell secretary. Forty-five delegates were elected each to the state, senatorial and local conventions, each precinct being entitled to their full quota. There was considerable excitement on the question as to instructing delegates or not. Those in favor came off victorious. The convention instructed as follows: Marlon Martin, for governor; Wheeler, for lieutenant-governor; McCall, for comptroller; Clint, for attorney-general; Collier, for superintendent of public instruction; and C. C. Groce, for dealer. The delegates go uninstructed as to state senator. Judge W. B. Templeton was elected chairman of the Democratic county executive committee and he was instructed to call a convention to elect delegates to the congressional convention July 29, next.

EMORY, TEX., July 15.—The Rains county Democratic convention met at Emory to-day, and full delegations from every precinct in the county, save one, were present. Harmony and good feeling seemed to prevail. The business of the convention was to elect delegates to the state Democratic convention at Galveston, and to the congressional district convention. Wood county being entitled to the representation this term, Rains county will take no action as to representation, but will accept the choice of Wood county. Rains county will make no nominations, and we look for a lively contest for most of the offices, especially those of sheriff and county judge, there being four aspirants for the former and perhaps five for the latter. The delegates from this county go instructed for Gen. Ross for governor, B. T. Barry for lieutenant-governor, and will permit J. H. Jones to succeed himself in congress. For attorney-general James Hogg is the choice of Rains county by a large majority, and

news of H. D. McDonald's nomination at Paris yesterday for senator from this district was well received here. Red River had no candidate for that position and probably no other man from Lamar would have been nearly so acceptable. The delegates from both sides of Red River county's late convention were seated, as published in THE GAZETTE to-day. This is a victory for the regular delegates from the Swain convention, as that is all they claimed. The Swain men were disposed to make no fight for all the seats at any convention except at Galveston, as the precinct conventions had instructed for no candidate but him.

HARRISON COUNTY POLITICS.

Special to the Gazette.

MARSHALL, TEX., July 17.—The citizens' county convention meets to-day. What action it will take in reference to the nomination of candidates for county officers is not known, but the general impression is that a preliminary election will be ordered. Some confusion has arisen in the manner in which the convention has been called. Several of the county precincts will be either menagerly represented or not represented at all. But this will make no material difference, as a primary election will cover all defects. There are many candidates in the field, and the race between them will be animated and interesting.
